## What is CareBinders™?

CareBinders is the most complete personal recordkeeping software available—the only one that goes beyond personal, medical and financial data. You can use your CareBinder to keep track of fun things too, including music and photos. Program it to remind you of important dates, meetings or other events that require your attention. Start your CareBinder today and have one place to keep track of:

- Account numbers—banks, brokerage and more
- Allergies
- Copies/scans of all your important documents
- Credit cards
- Dates, Appointments, Meetings
- Doctors
- Emergency contacts
- Emergency medical information
- Immunizations
- Insurance policies
- Inventories and collectibles
- Location of documents or personal belongings
- Medical history
- Multiple residences, including commercial property
- Passwords
- Pets
- Prescriptions
- Security alarm codes
- Service providers/vendors
- Vital statistics

## ... And much more.

You can also "track" anything that is important to you: your wine, baseball card, stamp collections... Vacations... Restaurants... Whatever you are passionate about and want to keep track of—CareBinders is the all-in-one tool to help simplify your life!

## What makes CareBinders™ better than any other software for personal recordkeeping?

- CareBinders is the only software program specifically designed to keep track of all of your data—personal, medical, financial and fun.
- CareBinders is “smart”—enter important data once and CareBinders instantly places it in all the appropriate places for each member, automatically.
- CareBinders is secure—there’s no connection to the Internet; your data is protected by the highest levels of security. You can back it up to a hard drive and/or store a copy wherever you wish.
- CareBinders has an alert feature that reminds you of important dates, tasks or appointments.

## CareBinders™ makes everything about recordkeeping easy:

- Scan/attach copies of important documents (e.g., birth certificates, tax statements).
- Easily import data from other programs like Excel™ and Outlook™.
- Instantly output forms you can use with doctors, lawyers, accountants, employers and more.
- Quickly locate any information you need by using the one-step search function.
- Store data just for you and each member of your family with the appropriate levels of access, as you deem appropriate.

## Who needs CareBinders™?

Still not convinced you need a CareBinder? See if any of the following apply to you. If they do, consider downloading a copy of CareBinders today.

- I am tired of sorting through overstuffed drawers, bulging file folders or little scraps of paper to find important information.
- I want to be prepared if someone else has to step in and manage my affairs.
- I want an easier, faster safer way to keep track of all my user names and passwords.
- I need to document my property and jewelry.
- I need an easier way to organize and update my personal and financial records for my accountant and attorney.
- I would like to be able to print out a basic report that I can provide to any doctor that I visit.
- I want a way to easily keep copies of my childrens’ medical forms for use with schools and camps.
- I want a quick way to generate a personal resume.
- I want to be reminded in advance when important policies need to be renewed.

**If any of these apply to you, you need a CareBinder™.**
