Executive Management; Manager, Director, COO
Operations Management, Client Services, Program Management

Visionary, hands-on executive leader with extensive experience in operations management, organizational development, program management, sales and marketing and solution delivery for a variety of firms. Strongest skillset comes from determining a need to creating a solution for that need through team building, staff management, policy and procedures development, problem resolution, operational risk assessment, management and monitoring, client relationships and marketing, using innovative market solutions. Focus-driven leader able to successfully orchestrate complex client and employee relationships and work environments, fueling greater partner loyalty and fewer channel conflicts. Seeking a challenging position, temporary or permanent, that needs my unique skillset to augment or help grow a firm's business.
